

**ASSIGNMENT**

WHEREAS,

**James Joyce**

**Leopold Bloom**

**Molly Bloom**

hereafter referred to as "applicant(s)", have invented certain new and useful improvements in **Imagification of Fractation**, for which an application for a United States patent was filed on **June 16, 2007**, Application No. 12/345,678.

WHEREAS Big Corporation, whose address is 350 Fifth Avenue, New York, New York 10118-0110, hereinafter referred to as "assignee", is desirous of acquiring the entire right, title and interest in and to the same,

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00), and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, applicants, by these presents, do hereby sell and assign unto said assignees the full and exclusive rights to the said invention worldwide (including any right to damages for past infringement), and the entire right, title and interest in and to any and all patents which may be granted therefor worldwide, to the full end of the term for which said patents may be granted, as fully and entirely as the same would have been held by applicant(s) had this assignment and sale not been made.

The present assignment expressly includes all rights in any and all U.S. patent applications making a priority claim to or based upon the application identified above, as well as all rights in any and all international and non-U.S. national applications making a priority claim to, representing the national or regional stage of, or based upon the application identified above, together with all rights in any patent that may ultimately issue from such U.S., international, and/or non-U.S. national applications.

Further in exchange for the consideration identified above, applicants agree to promptly execute any further documents and take any further steps that facilitate the transfer of any and all right, title, and interest identified herein, and/or the perfection or enforcement of patent rights in any country in which protection for the invention is sought.

Applicant(s) hereby authorize(s) and request(s) the U.S. Commissioner of Patents and Trademarks to issue any United States patents that may issue from the foregoing applications to said assignee.
